Students **MUST** meet with the Faculty Advisor at least once per academic year. It is in your best interest to meet with her more frequently. The faculty advisor will help you plan your major, sign petitions and other forms, and make sure you are fulfilling all requirements for the major. In addition, the faculty advisor can approve courses and, if needed, can approve substitutions in major requirements. The advisor will officially record these changes and substitutions in your file. The faculty advisor is the only person who can approve thematic tracks. Take advantage of opportunities to talk with a faculty advisor who knows the ins and outs of the major.
